

**Amendments to the Claims:**

This listing of claims will replace all prior versions, and listings of claims in the application:

**Listing of Claims:**

- 1                   1.       (Original) A club comprising:  
2                   a club head including a club face;  
3                   a shaft coupled to the club head at a distal end of the shaft, the shaft defining a  
4 longitudinal axis, the shaft defining an obtuse angle with respect to the club head;  
5                   a grip coupled to a proximal end of the shaft, the grip comprising an elongated  
6 body that extends along a major axis corresponding to the longitudinal axis, the body including a  
7 front side and an opposing back side, the front side being substantially flat and the back side  
8 having one of a rounded or triangular shape.
- 1                   2.       (Original) A club in accordance with claim 1 wherein the grip further  
2 comprises a recess for receiving the shaft to thereby couple the grip to the shaft.
- 1                   3.       (Original) A club in accordance with claim 1 wherein the shaft projects  
2 slightly through the front side of the grip.
- 1                   4.       (Original) A club in accordance with claim 1 wherein the grip is integral  
2 with the shaft.
- 1                   5.       (Original) A club in accordance with claim 1 wherein the grip includes  
2 rounded edges.
- 1                   6.       (Original) A club in accordance with claim 1 wherein the grip includes  
2 sharp edges.
- 1                   7.       (Original) A club comprising:  
2                   a club head including a club face;

3 a shaft coupled to the club head at a distal end of the shaft, the shaft defining a  
4 longitudinal axis, the shaft defining an obtuse angle with respect to the club head;

5 a grip coupled to a proximal end of the shaft, the grip comprising an elongated  
6 body that extends along a major axis corresponding to the longitudinal axis, the body including a  
7 front side and an opposing back side, the front side and back side being fairly flat such that the  
8 grip has a substantially elliptical shape.

1 8. (Original) A club in accordance with claim 7 wherein the grip further  
2 comprises a recess for receiving the shaft to thereby couple the grip to the shaft.

1 9. (Original) A club in accordance with claim 7 wherein the shaft projects  
2 slightly through the front side of the grip.

1 10. (Original) A club in accordance with claim 7 wherein the grip is integral  
2 with the shaft.

1 11. (Original) A club in accordance with claim 7 wherein the grip includes  
2 rounded edges.

1 12. (Original) A club in accordance with claim 7 wherein the grip includes  
2 sharp edges.
